Event description *(200 words max. Please do not mention venues, dates or prices in the event description)*	Source to Sea is Findhorn Bay Arts' summer programme of events and activities to celebrate Scotland's Year of Coasts and Waters 20/21, set in the rural and coastal towns and villages of the Moray Firth Coastline. From July to September, look out for a floating kinetic water organ, a larger-than-life sea-goddess of wild Scottish waters, and the culmination of our artists-in-residence Coleman & Hodges' exhibition, Northern Exposures, an evocative interactive installation of images and sound from a collective capturing of time and place. There will be visual poetry performances, walks, talks and tours taking place on and around the shimmering waters of Moray. With something for all to enjoy, Source to Sea is a wonderful chance to celebrate and appreciate Moray's rich culture, heritage and environment. As well as the Source to Sea programme, Findhorn Bay Arts will also be opening its summer mini-market shop (Thu, Fri & Sat) from its base on Forres High Street, selling local produce from a range of Moray's growers, makers and producers, as well as tickets for the Source to Sea programme.
